

2014 INHA UNIVERSITY SUMMER SCHOOL

July 28, 2014 ~ August 15, 2014

INHA UNIVERSITY

<http://summer.inha.ac.kr>

Experience a Leading Korean University

This is an exciting opportunity to be part of one of the top universities in Korea and earn credits towards a degree at your home university in only three weeks. Inha University has world class facilities including a library, student center and dormitory.

Immersion with Korean Students

Inha University has close to 22,000 students. All summer school participants will have a Korean buddy who will help them to learn about Korean culture and practice Korean.

Wide Variety of Unique Courses Available

A variety of unique Korean-related courses are offered to participating students.

Support and Guidance

Students will have access to the support staff in the dormitory and the International Center as well as academic and other counseling services.

Vibrant City

Students will have lots of time to experience Incheon metropolitan city, which is one of the most dynamic and beautiful cities in Korea.

Why should you participate in

PROGRAM OVERVIEW

Inha University annually offers a Summer School program as a part of its goal to a more enhanced global education. The summer program was first initiated in 2004 to provide overseas college students with hands-on opportunities to learn the Korean language and experience the cultural and academic life in Korea. Since then, the program has continued to develop and has been enriched with more unique and diverse activities, while attracting more participants every year.

This short-term, intensive program mainly consists of classroom lectures, visits to corporate sites, cultural sessions and field trips to cultural and historic places in general. Through the coursework, international students will have opportunities to better understand the dynamic aspects of the past, present and future of the Korean society.

One of the most important and engaging aspects of this program is that the learning is not limited to the classroom. Many field trip locations are themselves "living textbooks" for international students, who are eager to gain real world experiences on traditional and modern Korean culture. Throughout the program, international students will enjoy many chances to meet and interact with Korean students, and an opportunity will be given to make a presentation to share their experiences and views with each other. At the end of the program, participants will receive certificates of completion.

In addition to learning about the Korean language and culture, students will also be able to take many other interesting courses such as East Asian Politics and Int'l Relations, Korean Society and Politics in the Films, Introduction to Korean Business & Economy, Language and Culture in Practice and Modern Technologies for the Future etc. These courses will cover theories at the introductory level, present diverse aspects in the chosen fields and include site visits to various off-campus places. The fields and scopes of the courses will continue to expand reflecting demands from students and the global community.

The summer school
was a great experience for me.
I met a lot of new people,
students from all over the world.
It gave me a broader view about the cultural
understanding and inter youth communication.
Joining this program is something
I will never regret.
I will definitely miss
Inha University and Korea!

Al Marifatul Ala, a student from
Universitas Indonesia, Indonesia
